Mercedes R320 Eco Tune

Product Description

Manual/Documents

Customer Reviews (1)

- Available power is increased to 240hp.
- Torque is increased roughly 65 ft*lb along with a broader torque curve.
- Fuel economy is increased by 2-4mpg.
- EGR is eliminated and turbo lag is reduced significantly.
- The swirl motor is turned off and no CEL if the motor has a failure (common problem on this application).
- Flash tool is included with the purchase.
