[illegible]

September 19, 2005

The diagram is an exploded view of a power steering system. It includes a power steering pump (1) with a drive shaft (2) and a bracket (3). The pump is connected to a high-pressure hose (4) which leads to a bracket (5) and then to a bracket (6) on the steering rack. A return hose (7) connects the steering rack back to the pump. Various other components like O-rings (8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22), fittings (23), and a bracket (2) are shown in their relative positions for assembly.
