

This publication contains Parts information for all 1985 and 1986 model year **Import Built Passenger Cars and Trucks**.

The use of this Parts Catalog and the arrangement of information herein is explained in the General Information Section as indexed below.

INDEX TO INFORMATION FRAME	FICHE/ROW and FRAME
● ABBREVIATIONS	1-A6
● ALPHABETICAL INDEX	1-A5
● BODY NUMBER	1-A6
● CAR LINE INFORMATION	1-A9
● DIMENSIONS	1-A6
● ENGINE MODEL AND SERIAL NUMBERS	1-A6
● GROUP TITLES AND CONTENT	1-A4
● HOW TO LOCATE PARTS	1-A3
● ILLUSTRATION INDEX	1-A5

● SYMBOLS USED IN THIS CATALOG	1-A5
● TRANSMISSION IDENTIFICATION	1-A7
● VEHICLE IDENTIFICATION PLATE	1-A8

HOW TO USE THIS FICHE AND LOCATE PARTS

MICROFICHE LAYOUT

Each Fiche is 4" x 6" and contains 288 Frames. There are 12 Rows containing 24 Frames in each Row. Each Row is identified by a letter in sequence running vertically from top to bottom. Each Alphabetical Row has 24 Frames running numerically from Left to Right from 1 to 24 inclusive. Therefore, each of the 288 Frames has an Alpha/Numeric identification. Example: A4, C20, Etc.

The Color coded "Header Strip" of each Fiche identifies the Set (i.e. 1986 - Import), the Fiche Number (i.e. Fiche 1 of 5), the date of issue and the Groups contained within the Fiche.

TO LOCATE PARTS

The Fiche is divided into Part Groups in which illustrations for parts of a similar function and/or location are published. The Group Contents Listing on the next Frame shows the type of parts contained in each Group. An Index to locate each Group is provided between each Text and Illustration Frame throughout the Fiche Catalog.

Several methods may be used to locate a specific part.

Option 1: From the Group Contents Listing, select the Group which would contain the part to be found. Refer to the adjoining Index to determine where the Group is located and locate the Group. Frame 2, following the Group Header, will contain an Index of Illustrations. Select the Illustration most likely to contain the part. Refer to the Illustration and review the Illustration and associated Text Information.

Option 2: If the "noun" name of the part you seek is known, an Alphabetical Index of Nouns and Illustration Titles, found on the last Fiche of the Set, is provided to assist in finding the part. Several keys may be found in this Index.

ABSORBER, Rear Group 17 - Group Reference
AIR CLEANER, A Engine 45 Vista 5-A10 - Fiche, Row and Frame Reference
ARM, Exhaust Rocker 3-G22:18 - Fiche, Row and Frame, and Item Reference

Option 3: If the part number is known refer to the Numerical Index on the last Fiche of the set, which will in turn refer you to the Fiche location of the item. Multiple references mean the part is listed more than once.

Option 4: A complete Index of Illustrations is included on each Fiche and can be referenced in the same manner as the Alpha Index.

ILLUSTRATION INDEX

This index is a compilation of catalog parts description data with reference to illustrations, and Frame location.

The first page of each group contains a listing of all illustrations within that group. Also refer to illustrations alphabetically listed in information section.

ALPHABETICAL INDEX

This index is a compilation of catalog parts description data with a reference to the location of the item by fiche, Row and Frame, and item number as shown in the following example:

ARMREST, Front 9 - F24 - 11

Fiche
Row and Frame
Item

To locate a part by name, refer to the Alphabetical Index. The Alphabetical Index can be found on the last Fiche of the Set.

NUMERICAL INDEX

A listing of Part Numbers contained in the catalog. The numbers are in numerical sequence with reference to the Fiche, Row and Frame, and item number where the part is located.

CATALOG AND PARTS BULLETINS

CATALOG AND PARTS BULLETINS are issued when important changes are made in production or when corrections are to be made in the Parts Catalog between regular revisions.

SYMBOLS USED IN THIS PARTS CATALOG

The following symbols are commonly used with Part Number and quantity information in this Catalog:

- Preceding a part number indicates parts which have been added and not previously published.
AR - Indicates the quantity required may vary or is to be determined by the user.

SPECIFYING INFORMATION

The following information is included in this Parts Catalog:

- Part Name
- Part Number
- Model Application
- Quantity used per vehicle
- Description and dimensions necessary for proper identification of parts where necessary.
- Model or Engine Column:
Engine by Displacement or Vehicle Model
Code Body Style Code or Price Class.
- Effective points of model year running changes are indicated by vehicle serial number, engine number or body number where applicable. When serial number effective points are not available, production effective dates are used. (Refer to the Federal Certification Label for the build date).
- Parts designated as CANADA or EXPORT are not available through US parts outlets.

In the event replacement parts not listed herein are required due to a special service situation, Chrysler Dealers should contact their facing depot for specifier assistance. Problems encountered with peculiar part specifications can be resolved in the same manner.

PART NUMBER PREFIX

Most Part numbers listed in the catalog are eight characters long and consist of two alpha followed by six numeric characters. Always use both alphas when submitting your parts order.

DIMENSIONS

Dimensions listed in this publication are expressed in millimeters. To convert to inches multiply the value shown by .03937. (See Metric Conversion Table)

KEY NUMBERS

Parts are listed in the text by the "key number" which identifies the item as depicted in the illustration.

When the "key number" is a combination; i.e.: "2-5," the part number is an assembly consisting of the referenced "key numbers" 2, 3, 4, and 5. If the "key number" appears as 2-5, 9 or 2-5 & 9, the part number contains 2, 3, 4, 5 and 9.

ABBREVIATIONS

Abbreviations commonly used in this publication are interpreted as follows.

AR = Use as required	Exc = Except	- = Negative or Minus	Std = Standard
Assy = Assembly	H/Alt = High Altitude	No = Number	t = thickness
Auto = Automatic	Emiss Control	O.S. = Oversize	Trans = Transmission
Cal = California	L = Length	Pkg. = Package	U.S. = Undersize
Cyl = Cylinder	L.H. = Left Hand	+ = Positive or Plus	V = Volt
E.G.R. = Exh. Gas Recir.	Lt = Left	R.H. = Right Hand	W = Watt or With
Em = Emission(s)	Man. = Manual	Rt = Right	w/o = Without
Emiss = Emission(s)	m.m. = Millimeter	SIA = Service in assembly	/ = With or per
Eng = Engine	Mdl(s) = Model(s)		

BODY NUMBER

The Body Number for the Model 24, 41, 44 passenger car is stamped on the right top of the fire wall in the engine compartment.

The Body Number for the Model 27 Pick-ups is stamped on the sidewall of the frame near the rear spring hanger.

ENGINE MODEL AND SERIAL NUMBER

The Engine Model is stamped adjacent to the Engine Serial No. on the cylinder block; Q Engine (1500cc is G15B for U.S./4G15 for Canada), K Engine (1600cc is G32B for U.S./4G32 for Canada); A Engine (2000cc is G63B for U.S./4G63 for Canada); F & W Engine (2600cc is G54B for U.S./4G54 for Canada). D Engine (2300cc is 4D55 with Turbo for U.S. and Canada).

The Engine Serial Number is stamped on top of the cylinder block at the right front corner.

TRANSMISSION MODEL and SERIAL NUMBER

Mitsubishi transaxle and manual transmission serial numbers are stamped on the clutch housing. Chrysler built Automatic Transmission Identification numbers are stamped on the left oil pan side rail as follows:

TRANS. ASSY. NUMBER	CHANGE CODE	DATE CODE	SERIAL NUMBER
1 Digit 7 Digits 1234567	1 Digit A (Factory use only of no significance to the field)	4 Digits 8577 (Dec. 31, 1984)	4 Digits 0001 (A sequential number for each days' production)

VEHICLE IDENTIFICATION NUMBER (VIN) DEFINED

NOTE 1:
The Check Digit will be a numeric character 0-9 or alpha X. It is for verification of the accuracy on the VIN through use of a prescribed mathematical formula mandated by Federal Code MVSS 115.

Figure 2-300

This diagram illustrates the exploded view of a vehicle suspension assembly, showing the following components:

- 1**: A long, thin metal rod or pin.
- 2**: A vertical plate or bracket with multiple mounting holes.
- 3**: A small metal bracket or connector.
- 4**: A small metal bracket or connector.
- 5**: A small metal bracket or connector.
- 6**: A small metal bracket or connector.
- 7**: A long metal pin or bolt.
- 8**: A small metal pin or bolt.
- 9**: A small metal pin or bolt.
- 10**: A small metal pin or bolt.
- 11**: A small metal pin or bolt.
- 12**: A small metal pin or bolt.
- 13**: A small metal pin or bolt.
- 14**: A small metal pin or bolt.
- 15**: A small metal pin or bolt.
- 16**: A large metal bracket or connector.
- 17**: A small metal pin or bolt.
- 18**: A small metal pin or bolt.
- 19**: A large metal bracket or connector.
- 20**: A large metal bracket or connector.
- 21**: A large metal bracket or connector.
- 22**: A large metal bracket or connector.
- 23**: A large metal bracket or connector.
- 24**: A large metal bracket or connector.

Figure 5-1800

This diagram illustrates the assembly of a vehicle's fuel system. It shows the fuel tank at the top, connected to a fuel pump and filter assembly (components 14, 15, 16, 17, 18). The fuel lines (11, 12, 13, 19, 20) lead from the pump to the fuel injectors (21, 22, 23, 24, 25, 26). The injectors are mounted on the fuel rail (27). The fuel lines are secured with various clamps (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34) and secured with nuts (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34). The fuel lines are also secured with various clamps (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34) and secured with nuts (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34).

Figure 19-600

This diagram illustrates the exploded view of a mechanical assembly, likely a shock absorber or suspension component. The parts are numbered 1 through 37. The assembly includes a main body (11), a mounting bracket (6), a spring (30), and various fasteners (nuts, bolts, washers, and pins). The diagram shows the relative positions and assembly sequence of these components.

[illegible]

Figure 19-1600

This diagram shows an exploded view of a mechanical assembly, likely a carburetor or fuel injection system. The components are numbered as follows:

- 31**: A small circular gasket or seal.
- 32**: A larger circular gasket or seal.
- 33**: A vertical fuel jet or nozzle.
- 34**: A bracket grouping two small pins or screws.
- 35**: A small circular gasket or seal.
- 36**: A small circular gasket or seal.
- 37**: A small circular gasket or seal.
- 38**: A bracket grouping two small pins or screws.
- 39**: A bracket grouping two small pins or screws.
- 40**: A small circular gasket or seal.
- 41**: A small circular gasket or seal.
- 42**: A bracket grouping two small circular gaskets or seals.
- 43**: A small circular gasket or seal.
- 44**: A small circular gasket or seal.
- 45**: A small circular gasket or seal.
- 46**: A small circular gasket or seal.
- 47**: A small circular gasket or seal.
- 48**: A small circular gasket or seal.
- 49**: A small circular gasket or seal.
- 50**: A small circular gasket or seal.
- 51**: A bracket grouping two small circular gaskets or seals.
- 52**: A small circular gasket or seal.
- 53**: A small circular gasket or seal.
- 54**: A small circular gasket or seal.
- 55**: A small circular gasket or seal.
- 56**: A small circular gasket or seal.
- 57**: A small circular gasket or seal.
- 58**: A small circular gasket or seal.
- 59**: A small circular gasket or seal.
- 60**: A small circular gasket or seal.

Figure 21M-2100

This diagram illustrates the assembly of a mechanical component, likely a valve or actuator. The parts are numbered as follows:

- 1**: A small screw or pin.
- 2**: A rectangular plate or cover.
- 3**: A conical cap or plug.
- 4**: A long, thin rod or stem.
- 5**: A central cylindrical component.
- 6**: A flange or base plate.
- 7**: A small circular component, possibly a seal or washer.
- 8**: A rectangular plate or cover.
- 9**: A small screw or pin.
- 10**: A small circular component, possibly a seal or washer.
- 11**: A small circular component, possibly a seal or washer.
- 12**: A small circular component, possibly a seal or washer.
- 13**: A small screw or pin.
- 14**: A rectangular plate or cover.
- 15**: A rectangular plate or cover.
- 16**: A rectangular plate or cover.
- 17**: A small screw or pin.
- 18**: A small circular component, possibly a seal or washer.
- 19**: A small circular component, possibly a seal or washer.
- 20**: A small circular component, possibly a seal or washer.
- 21**: A small circular component, possibly a seal or washer.
- 22**: A small screw or pin.
- 23**: A small circular component, possibly a seal or washer.
- 24**: A small circular component, possibly a seal or washer.

Figure 21A-1400

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or motor component, with parts numbered 1 through 55. The components are organized into several sub-assemblies shown in perspective:

- Top Left Sub-assembly:** Includes parts 1, 2, 3, 4, 5, 6, and 7. It features a large gear-like component (1) and a smaller shaft assembly (2-7).
- Top Right Sub-assembly:** Includes parts 10, 11, 25, 26, 27, 28, and 29. It shows a circular flange (10, 11) and a complex internal mechanism (25-29).
- Middle Left Sub-assembly:** Includes parts 8, 9, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, and 23. It depicts a series of stacked rings and a central shaft component.
- Middle Right Sub-assembly:** Includes parts 24, 30, and 31. It shows a small gear or impeller (24) and a shaft assembly (30, 31).
- Bottom Left Sub-assembly:** Includes parts 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, and 43. It shows a long, multi-segmented shaft or rotor assembly.
- Bottom Right Sub-assembly:** Includes parts 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, and 55. It depicts another long, multi-segmented shaft or rotor assembly, similar to the one on the left but with different internal components.

The diagram uses perspective to show the relative positions and orientations of the various parts, including gears, shafts, rings, and housing components.

Figure ITC-1300

This diagram illustrates the exploded view of a mechanical assembly, likely a door handle or latch mechanism. The components are numbered 1 through 25:

- 1**: Main rectangular housing or door plate.
- 2**: Top edge or trim piece.
- 3**: Small rectangular component, possibly a switch or indicator.
- 4**: Small rectangular component, possibly a switch or indicator.
- 5**: Small rectangular component, possibly a switch or indicator.
- 6**: Small rectangular component, possibly a switch or indicator.
- 7**: Small rectangular component, possibly a switch or indicator.
- 8**: Small rectangular component, possibly a switch or indicator.
- 9**: Small rectangular component, possibly a switch or indicator.
- 10**: Small rectangular component, possibly a switch or indicator.
- 11**: Small rectangular component, possibly a switch or indicator.
- 12**: Small rectangular component, possibly a switch or indicator.
- 13**: Small rectangular component, possibly a switch or indicator.
- 14**: Small rectangular component, possibly a switch or indicator.
- 15**: Small rectangular component, possibly a switch or indicator.
- 16**: Small rectangular component, possibly a switch or indicator.
- 17**: Small rectangular component, possibly a switch or indicator.
- 18**: Small rectangular component, possibly a switch or indicator.
- 19**: Small rectangular component, possibly a switch or indicator.
- 20**: Small rectangular component, possibly a switch or indicator.
- 21**: Small rectangular component, possibly a switch or indicator.
- 22**: Small rectangular component, possibly a switch or indicator.
- 23**: Small rectangular component, possibly a switch or indicator.
- 24**: Small rectangular component, possibly a switch or indicator.
- 25**: Small rectangular component, possibly a switch or indicator.
